

Centennial Plaza Newsletter

Issue 17 - June 2018

A WORD FROM THE GM

Welcome to the second issue of the Centennial Plaza Tenant Newsletter for 2018.

DID YOU KNOW?

*Centennial Plaza uses approximately 26,000,000L of water every year to run Cooling Towers, Showers, toilets, basins and irrigate the gardens. This is the equivalent of 10 Olympic size swimming pools. We have over the past 18 months installed water tanks on all 3 towers with the ability to harvest 49,000L at capacity. We are committed to saving water and operating these towers as sustainable properties. Please keep this in mind when using taps and showers. **Remember -***

LANDSCAPING UPGRADES

Preliminary designs and costings have commenced for a full upgrade of the existing irrigation system and garden upgrades. The new upgrades will create more efficiencies with the watering system and provide the gardens with water wise plants. Watch this space and we will keep you informed with the progress and schedule in due course

CCTV UPGRADE

Works are continuing on the upgrade of our existing CCTV system. Currently we have 65 analogue cameras which are being upgraded to a digital system and provide a more robust tracking and recording function. There will also be at least another 15 cameras added to the existing coverage. Works should be completed by late July 2018.

NABERS RATINGS 2018

We are pleased to advise that Towers A & B retained their existing excellent star ratings

Tower C achieved an outstanding result by improving its Water Rating to 4.5 Stars. The ratings are

	ENERGY	WATER
Tower A	5.5	4.5
Tower B	5.0	4.0
Tower C	5.0	4.5

Centennial Plaza is fully committed to monitoring and maintaining a sustainable environment to ensure we retain our healthy NABERS ENERGY & WATERS RATINGS.

ART EVENING

Thank you to all those who attended the Art Function in Tower C Lobby on 26 April 2018. It was a very successful inaugural art event at Centennial Plaza.
